WE CARE!

When I started the label some years ago, the sole vision was to establish a line of clothing with a little twist. Everyday items that are different to the usual stuff out there ... in quality, cuts, graphics and style.

All sixxa products are made in Europe, and this is a very important key feature of our clothing. The high levels in terms of quality control, fair labour and garments, as well as innovative applications and finishing are a certainty.

My character driven illustration style, developed over the last decade, leads to unexpected graphics, and every piece of clothing is designed by myself!

So if you visit Vienna, be sure to check out the headquarter as well as the sixxa store ... both are worth a visit and chances are you get to meet our team in person ;)

SIXXA SELECTED ...

The transition continues, our latest collection **GEISTER UND GAUNER** combines perfectly with the last line for the new season ;)

Our focus is apparel made for everyday use, move and feel comfortable. But don't forget fun, so we have a large variety of sixxa characters on our products!

From casual, basic t-shirts over hoodies to pants and our classic Dirndl, you'll find a lot of different bits of clothing!
